*Women and Networks in Nineteenth Century Japan.*

The book is the result of two symposia held at Sophia University in 2013 and 2014. In this volume ten authors provide new ways to write women back into the history of Japan's nineteenth century, ways that expand and enrich our understanding of the period, rather than simply adding women to the established narrative.

*Women and Networks in Nineteenth Century Japan.*  
University of Michigan Press, forthcoming.
